

# Announcements

## Run Submission Guidelines

The run submission instructions can be found [in this PDF \(click here\)](#).

You can submit runs by mail to [fire2017irled@gmail.com](mailto:fire2017irled@gmail.com).

Please feel free to mail us if you have any queries about the run submission process.

## Run Submission Deadline Extended

Due to multiple requests, we are extending the run submission deadline to October 5, 2017. Please note that this is the final deadline, and no more extension will be possible.

## Results Declared

Results for both the tasks have been declared and can be found in the links below.

[Task 1 results \[PDF\]](#).

[Task 2 results \[PDF\]](#).

## Working Notes Due

It is time that each team submit a detailed working note describing the methodology you adopted for each of the tasks. The working note will be included in the FIRE 2017 proceedings.

The format and instructions for submitting a working note can be found in [this PDF \(click here\)](#).

Please click the following link to download the dataset. The instructions for use is mentioned in the included README file.

**[\[LINK TO THE DATASET\]](#)**

We are happy to share the dataset. Please cite [the overview paper](#) while using this dataset in your research work.

The dataset is also used by the following papers:
